ADVANTAGES

JonokeMed™ is all your clinic needs.

THE COMPLETE JONOKEMED™ SOLUTION

Feature-rich, integrating with your practice to provide everything needed in a computerized clinical environment. JonokeMed™ lets you focus on your patients.

Designed for the future with massive storage capability, simple expansion without compromising speed or security, and ongoing enhancements to keep your JonokeMed™ system current.

Ease the learning curve with included startup training, and available 'refresher' training as you need it. Plus, join us for National Conferences, for workshops and group instruction.

Leading the EMR Evolution –

Put side-by-side with other Electronic Medical Record programs, JonokeMed™ out performs the alternatives.

JonokeMed™ has...

The MOST features

Scheduling, encounters, medical records, chronic problem management, prescriptions, reference libraries and clinical assistants, accounting, health service provider electronic billings, word processing, archiving, reporting, forms, inventory, paperless faxing, full security... the list is comprehensive.

The ULTIMATE support

24/7 Emergency pager response, personal phone, E-mail and fax support, many free enhancements and staged updates, online Client Area, support issue tracking via the web, prompt problem resolution, complete hardware and software consultation, and more...

The most COMPREHENSIVE training

Group training in the first week, ongoing training and 'refresher' courses, conferences, online training, web demos and user guides... we give you the know-how to take advantage of all of the JonokeMed™ features.

JonokeMed™ represents everything you need to make your clinic paperless and is being used every day in clinics across North America. Call Jonoke at 1-800-254-0739 today and arrange for a free demonstration.

JonokeMed™ has always heavily incorporated user feedback, resulting in functionality and enhancements based on real-world use.

Jonoke's strong development team, works exclusively on our medical office software, setting us apart from other vendors. Our clients experience the benefits of having our undivided attention.

Go EMR – and do it right the first time.

For a number of our current clients, JonokeMed™ “should have been [their] first choice.” Even though there are many Electronic Medical Records, scheduling, accounting, and software options, clinics keep gravitating to Jonoke’s JonokeMed™ – even after trying to implement other EMR systems.

If you have yet to make the move to electronic records, or you are dissatisfied with your current system, you are sure to find what you need with JonokeMed™.

A UNIQUE SOLUTION

JonokeMed™ is well beyond other EMR solutions, from the ground up. The decisions made during its more than 10 years of development have consistently focused on promoting its reliability and longevity for you, the user.

- **Stability.** JonokeMed’s™ cross-platform solution supports your preferred computer environment or combination. Its programming language, 4th Dimension (4D) provides intensive and multifaceted data management.
- **Security.** From outside and within your clinic, JonokeMed™ is a veritable fortress. Only the proper authorization will gain someone access to the system.
- **Scalability.** JonokeMed™ grows with your practice. Without compromising JonokeMed’s™ performance you can add workstations or expanding to multiple locations as needed.

A DISTINCT COMPANY

Jonoke Software has been developing custom software solutions since 1988. We take pride in knowing our users and our users knowing us. We strive to provide and personally support our all encompassing EMR solution – creating truly paperless medical offices.
